MANAGEMENT DISCUSSION AND ANALYSIS REPORT

OVERALL VIEW

Auto industry body, Society of Indian Automobile Manufacturers (SIAM), has projected growth of 8-10 % with Utility Vehicles growing at 14-15 % and cars up between 8-9 % on basis of strong cyclical recovery outlook in the global economy with world growth projected at 3.7 % in 2018, bank capitalization, rural revival, and reforms such as Insolvency and Bankruptcy Code by the government. These factors will give a fillip to the Auto sector. However, the Consumer Price Inflation is expected to spike to 4.4 % in FY 2018-19, from current 4 %, interest rates may also see a moderate hike and global crude oil prices are also not expected to spiral, Commodity prices though will continue to maintain their northward climb, especially copper and lead, an indicator that car prices may not decline.

Overall FY 2018-19 is expected to bring positive sentiments back into the market and rev up overall vehicles sales.

INDUSTRY OVERVIEW, STRUCTURE AND DEVELOPMENT

The automobile sector is one of the key segments of the economy having extensive forward and backward linkages with other key segments of the economy. The Indian automobile industry comprises of a number of Indian-origin and multinational players, with varying degree of presence in different segments.

Automobile dealer Industry plays the vital role of link between the manufacturer of the automobile and the consumer. With large inventories of cars, dealers provide consumers with a wide array of vehicles to meet their needs at different price points.

The sales of most of automobiles today are subject to changing consumer tastes, the popularity of the manufacturer's vehicle models, and the intensity of competition with other dealers. Along with the sale of the car, most dealers also sell additional automobile-related services to potential buyers. These services include extended warranties, undercoating, insurance, and financing. After-market sales departments sell these services and other merchandise after vehicle salespersons have closed a deal. Sales of these packages greatly increase the revenue generated for each vehicle sold.

Performing repair work on vehicles is another profitable service provided in this industry. Service departments at motor vehicle dealers provide repair services and sell accessories and replacement parts. The work of the service department has a major influence on customers' satisfaction and willingness to purchase future vehicles from the dealer.

Industry Structure: The automobile dealer industry is comprised of two segments. New car dealers, often called franchised dealers, primarily sell new cars, sport utility vehicles (SUVs), and passenger and commercial vehicles. These franchised dealers sell vehicles manufactured by a particular company, which may include several brands. Used car dealers comprise the other segment of the industry, and are sometimes referred to as independent dealers. These dealers sell a variety of vehicles that have been previously owned or formerly rented and leased. Improvements in technology have increased the durability and longevity of new cars, raising the number of high-quality used cars that are available for sale. Used car dealers by definition do not sell new cars, but most new car dealers do sell some used cars.

New vehicle sales account for more than half of total sales revenue at franchised new car dealers. These sales also generate additional revenue in other departments of new car dealers, which are more profitable to the dealer. By putting new vehicles on the road, dealers can count on new repair and service customers and future trade-ins of used vehicles.

Developments

The Indian auto industry is set to witness major changes in form of Electric Vehicles, shared mobility, Bharat Emission-VI emission and safety norms. The Government of India has shown an increased interest towards electric vehicles and has set for an ambitious target of all electric cars by 2030. There is an increasing buzz for e-mobility and all the companies in the sector are preparing themselves for the future.

Historically, the Indian Passenger Car Market has been skewed towards small passenger cars. However, there is a structural change taking place in the industry with demand for UVs taking over the passenger car. This shift is paving a way towards new avenues of the growth and will result in a more profitable growth for the sector.

In an effort to achieve greater financial and operational efficiency and flexibility in the automobile dealer industry, greater emphasis is being placed on after sale services, such as vehicle maintenance and repair, at both new and used car dealers.

ANNUAL REPORT & ACCOUNTS 2017-2018

These services remain less susceptible to economic downturns. They are also part of an effort to enhance customer loyalty and overall customer service.

In recent years, the sale of used cars has become another useful business area for many new car dealers in the wake of shrinking margins on new cars. To make them acceptable to more customers, dealers promote "certified pre-owned" vehicles to customers who want a warranty on their used vehicle. This often raises the price, but in return provides customers with peace of mind. In economic downturns, the relative demand for these and other used cars often increases as sales of new cars decline.

The increased use of the Internet to market, new and used cars has also had a significant impact on automobile dealers. Through the Internet, consumers can easily access vehicle reviews, view pictures of vehicles and compare models, features, and prices. Many websites allow consumers to research insurance, financing, leasing and warranty options. As a result, consumers are generally better informed and spend less time meeting with salespersons.

OPPORTUNITIES AND THREATS

Opportunities

India being one of the largest automobile markets in the world, has a bright future because of several factors like rapid urbanisation, Car buyers getting younger, growing middle class, overall growth of other industries, infrastructure development and the improved road infrastructure. This along with rising disposable income, aspirations for a better lifestyle and a slew of new product launches lined up by companies would aid overall increase in sales volumes. The Company, with its wide portfolio is expected to benefit from the same. Further, per capita penetration at around eighteen cars per thousand is among lowest in the world. This growing consumerism is expected to lead to an increase in car penetration.

Threats

Demand is linked to economic growth and rise in income levels. Further, it is inversely related to the interest and fuel prices as 85% of the total are bought on credit.

Affordability is the most important demand driver in India, the domestic car market has until now been segmented on the basis of vehicle price. Price based competition also takes place in a continuum than in segments since nearly all the models are launched in multiple versions at different price points. As a result higher end variant compete with lower-end-variant of a car in a segment above it.

Further, intensity of competition has increased in almost all the segments of the Indian automobile dealers market whether it's a competition for sales of cars from dealers of same brand or of competing brands or competition in after-sales service business from other dealers of same brand or from organised (branded) franchised service network or from unorganised local garages.

Moreover, in the automobile dealer industry, vehicles cannot be kept in the store for long unlike consumer durables, as automobiles lose value with time. The model gets old and the customer would not be willing to pay for it. The damage due to handling, if they are in the showroom or warehouse for too long, is another factor.

Other factors like affordability, innovation, infrastructure facilities and price of fuel, stringent emission norms and safety regulations and interest rates affect the demand for automobiles to a larger extent. These factors and challenges always keep the automakers and dealers on their toes.

OUTLOOK

Auto industry body, Society of Indian Automobile Manufacturers (SIAM), has projected growth of 8-10 % with Utility Vehicles growing at 14-15 % and cars up between 8-9 % on basis of strong cyclical recovery outlook in the global economy with world growth projected at 3.7 % in 2018, bank capitalization, rural revival, and reforms such as Insolvency and Bankruptcy Code by the government. These factors will give a fillip to the Auto sector.

The long term outlook for the automobile industry is bright and robust, though outlook for the Indian auto industry in near term is expected to remain stable growth.

ANNUAL REPORT & ACCOUNTS 2017-2018

RISKS AND CONCERNS

Indian car industry is one of the most promising car industries across the globe. It has gradually strengthened its foothold in the international area as well. The country is dealing with many car manufacturers, dealers, and associations in various countries including U.S. From some countries, India import cars and car components and to some India exports.

Though India has witnessed a growing customer base, it has not inoculated them from the global crisis. The crippling liquidity and high interest rates have slowed down the vehicle demand.

Rising Input costs of commodities, availability of credit and affordable interest rates are important facilitators for automobile sales. The uncertain exchange rates and a sudden increase in dollar value against Indian rupee have contributed to slowdown. Increasing Dollar value has raised the landed cost of imported machine, tools and even raw materials required for production.

In addition, rising cost of dealership operations, limited availability of trained and untrained manpower, increasing labour and wage rates, prospects of accelerated career growth and better training & development opportunities have kept the margins of dealership operations under immense pressure.

Intensity of competition has increased in almost all the segments of the Indian automotive market due to entry of new players and appointment of new dealers by Maruti. Launch of new models by different players have also increased market competition. This increasing level of competition would also translate into higher selling and distribution costs. The Company is aware of the increasing competition and is taking measures to remain competitive in the market place.

INDEPENDENT AUDITOR'S REPORT

To,

The Members of

COMPETENT AUTOMOBILES COMPANY LIMITED

We have audited the accompanying financial statements of **COMPETENT AUTOMOBILES COMPANY LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March 2018, the Statement of Profit & Loss Account (including other Comprehensive Income), the Statement of Changes of Equity and the Statement of Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these Ind AS financial statements that give true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act.

This responsibility includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of these Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit. In conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether these Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in these Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks material misstatement of these Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the company's preparation of the Ind AS financial statements, that give a true and fair view, in order to design audit procedures that are appropriate in circumstances, but not for the purpose of expressing an opinion on whether the Company has an adequate internal financial control system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on Ind AS financial Statement.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at March 31, 2018, its Profit/Loss, Total Comprehensive Income/Loss, its cash flows and changes in the equity for the year ended on that date.

ANNUAL REPORT & ACCOUNTS 2017-2018

Annexure-I to the Independent Auditors' Report

The Annexure referred to in Independent Auditor's Report to the members of the Company on the financial statements for the year ended 31st March, 2018, we report that:

1. In respect to its Fixed Assets:
 - a) The Company has maintained proper records showing full particulars including quantitative details and situation of its fixed assets on the basis of available information.
 - b) As explained to us, the management during the year has physically verified the fixed assets, which in our opinion is reasonable having regard to the size of the company and the nature of its fixed assets. We are informed that, no material discrepancy has been noticed by the management on such verification.
 - c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
2. The inventories have been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records are not material. The discrepancies noted on such verification have been properly dealt with in the books of accounts.
3. As per information and explanation given to us and on the basis of our examination of the records of the company, the Company has not granted any loans, secured or unsecured to the companies, firms, limited liability partnerships or other parties covered in the register under section 189 of the Companies Act, 2013 ('the Act'), therefore clause 3 (iii) (a), (iii) (b) and (iii) (c) of the order are not applicable to the company.
4. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act, with respect to the loans, investments, guarantees and security made.
5. As per information and explanation given to us, the Company has not accepted any deposits and accordingly directives issued by Reserve Bank of India and the provisions of section 73 to 76 or any other relevant provision of Companies Act, 2013 and the rules framed thereunder would not apply and accordingly clause 3(v) of the order is not applicable to the company.
6. The Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act and accordingly clause 3(vi) of the order is not applicable.
7. a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company is regular in depositing undisputed statutory dues including provident fund, employees state insurance, income-tax, sales tax, value added tax, duty of customs, service tax, Goods and Service Act, cess and other statutory dues to appropriate authorities.

According to the information and explanations given to us, no undisputed statutory dues payable in respect of provident fund, income tax, sales tax, duty of customs, value added tax, service tax, Goods and Service Act, cess and other material statutory dues were in arrears as at 31st March, 2018 for a period of more than six months from the date they became payable.
- b) According to the information and explanations given to us, there are no dues of income tax or sales tax or service tax or duty of customs or value added tax or Goods and Services Tax which have not been deposited with the appropriate authority on account of any disputes;
8. Based on our audit procedures and the information and explanations given by the management, we are of the opinion that the company has not defaulted in repayment of dues to banks. The company did not have any outstanding debentures or any outstanding loans from government or from any financial institutions except vehicle loans.
9. The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly, clause 3 (ix) of the order is not applicable.

ANNUAL REPORT & ACCOUNTS 2017-2018

10. According to the information and explanation given to us by management, we have neither come across any instances of fraud by the company or any fraud on the company by its officers or employees, noticed or reported during the period nor have we been informed any such case by the company.
11. According to the information and explanation given to us and based on our examination of the records of the Company, the Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
12. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the order is not applicable.
13. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
14. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(xiv) of the order is not applicable.
15. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, clause 3(xv) of the order is not applicable.

Annexure – II to the Independent Auditors’ Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **COMPETENT AUTOMOBILES COMPANY LIMITED** (“the Company”) as of 31st March, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on

ANNUAL REPORT & ACCOUNTS 2017-2018

our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNUAL REPORT & ACCOUNTS 2017-2018

Note No.1- SIGNIFICANT ACCOUNTING POLICIES

A. General Information

Competent Automobiles Company Limited (“The Company”) is a public limited company incorporated and domiciled in India and it is listed on the Bombay Stock Exchange (BSE). The address of its registered office is F-14, Competent House, Connaught Place New Delhi – 110001. The Company is Authorized Dealer of Maruti Suzuki India Limited for Delhi, Haryana and Himachal Pradesh area.

B. (i) Statement of Compliance

The Financial Statements have been prepared as going concern in accordance with Indian Accounting Standard (Ind AS) notified under the Section 133 of the Companies Act, 2013 (“the Act”) read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

The Company has prepared the Financial Statements up to 31st March, 2017 in accordance with the requirements of previous GAAP, which includes standards notified under the Companies (Accounting Standards) Rules 2006 and other relevant provisions of the Act. These are the Company’s first Ind AS financial statements. The date of transition to the Ind AS is 1st April 2016.

(ii) Basis of preparation and presentation

The financial statements have been prepared on the historical cost convention on accrual basis except for certain financial instruments which are measured at fair market value at the end of each reporting period as explained in the accounting policies.

All assets and liabilities have been classified as current or non-current according to the Company’s operating cycle and other criteria set out in the Act.

C. Significant Accounting Policies

1. Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue from operations includes sales of goods/vehicles/Spares parts/Accessories and services and amounts disclosed as revenue are net of trade allowances. The Company recognizes revenue when the amount of revenue and its related cost can be reliably measured and it is probable that future economic benefits will flow to the entity and specific criteria in relation to significant risk and reward and degree of managerial involvement associated with ownership or effective control have been met for each of the Company's activities as described below. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transactions and the specifics of each arrangement and based on the general trade practice as prevailing in the market.

(i) Sale of Goods/Vehicles/Spare parts/Accessories

Sales are accounted on transfer of significant risks and rewards to the customer and as per prevailing trade practice once the good are invoiced the risk and rewards are considered to be transferred and revenue is recognized in the books of account of that period. The trade rebate received from the manufacturer in form of purchase discount is accounted for as and when it is received. The amounts of rebate/discount received on purchase invoice are shown net of basis and other amount of purchase discount/rebate received is shown separately in financial statements.

(ii) Income from services

Income from services are accounted over the period of rendering of services.

(iii) Dividend and interest income

Dividend income from investments is recognised when the shareholders' right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably). Interest income from a financial asset is recognised when it is

ANNUAL REPORT & ACCOUNTS 2017-2018

probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

2. Property, plant and equipment

- a. Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Freehold land is measured at cost and is not depreciated. Such assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.
- b. Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.
- c. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.
- d. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. The other repairs and maintenance of revenue nature are charged to profit or loss during the reporting period in which they are incurred.

2.1 Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of its property, plant and equipment recognized as at 1st April 2016, measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

2.2 Depreciation methods, estimated useful lives and residual value

- (i) Depreciation on property, Plant and Equipment is provided based on useful life of the assets as prescribed in the Schedule -II to the Companies Act 2013, and charged on the basis of written down Value Method.
- (ii) The assets' residual values, estimated useful lives and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.
- (iii) Any Gains and losses on disposal are determined by comparing proceeds with carrying amount and are credited / debited to profit or loss.
- (iv) The vehicle purchased for the purpose of the test drive are treated as an asset of the Company and depreciation is charged accordingly.

3. Impairment of Assets

- (i) At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).
- (ii) An impairment loss is recognized in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not.

4. Borrowing costs

- (i) Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

ANNUAL REPORT & ACCOUNTS 2017-2018

- (ii) Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets are deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

5. Inventories

Cost of the Inventories are valued on the basis given below:

- (i) Cost of finishes goods are measured at cost or market value which ever is lower.
- (ii) Cost of Spares Parts and Accessories, Oils & Lubricants are measured at cost on FIFO basis.
- (iii) Vehicles and Spares parts has been taken into the stock in hand of the company as and when they are dispatched from Maruti Suzuki India Limited (“MSIL”).

6. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

(i) Initial Recognition

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial instruments (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

(ii) Subsequent Measurement

1. Financial Assets at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

3. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

4. Financial liabilities

All financial liabilities are subsequently measured at amortized cost using the effective interest rate method or at fair value through profit or loss.

7. Cash and cash equivalents

In the cash flow statement, cash and cash equivalents includes cash in hand, cheques and drafts in hand, balances with bank and deposits held at call with financial institutions, short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an

ANNUAL REPORT & ACCOUNTS 2017-2018

insignificant risk of changes in value. Bank overdrafts are shown as a part of Cash and Cash Equivalents in the cash flow statement.

8. Leasing

- (i) Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.
- (ii) Lease rentals for operating lease are charged to the statement of profit and loss account in accordance with the respective lease agreement. The lease rental are estimated to increase periodically in line with expected general inflation cost.

9. Taxation

(i) Tax Expense

Income tax expense represents the sum of the tax currently payable and deferred tax. Income tax expense is recognized in net profit in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

(ii) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. Current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period

(iii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profits. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences and incurred tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

- (iv) The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

10. Foreign currencies

(i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the group operates ('the functional currency'). The financial statements are presented in Indian rupee (₹), which is the group's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. They are deferred in equity if they relate to qualifying cash flow hedges.

11. Earning per Share

The earnings considered in ascertaining the Earnings per Share (EPS) comprise the net profit after tax. The number of shares used in computing basic EPS is the weighted average number of shares outstanding during the year. The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares.

ANNUAL REPORT & ACCOUNTS 2017-2018

12. Employee benefits

(i) Short Term obligations

Liabilities for wages and salaries including other monetary benefits that expected to be settled within the period in which the employees render the related services are recognized in the period in which the related services and are measured at the undiscounted amount expected to be paid.

(ii) Other Long-term employee benefit

Liabilities of leave encashment is provided on the basis of earned leave standing to credit of employees and the same is discharged by the company the end of the year and accounted for the same accordingly.

(iii) Post-employment obligations

The company has defined contribution plan in respect of payment of gratuity to employees. The contributions are being made to the exclusive trust established under the Group Gratuity Scheme of Life Insurance Corporation of India (LIC). The premium and the contribution paid every year to the LIC are charged to revenue. The Company has no further payment obligations once the contributions have been paid. The Company's contribution to State Plans namely Employee's State Insurance, Employee's Provident Fund Scheme and Employee's Pension Scheme are charged to the statement of profit and loss every year.

13. Provisions, Contingent Liabilities and Contingent Assets

- (i) Provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation.
- (ii) A disclosure for a contingent liability is made when there is possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure as specified in Indian Accounting Standard 37 – "Provisions, Contingent Liabilities and Contingent Assets" is made.
- (iii) Contingent Assets are not recognized in the Financial Statements.

14. Events occurring after Reporting Period

The final dividend on shares is recorded as a liability on the date of approval by the shareholders, and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

15. Segment Reporting

The accounting policies adopted for segment reporting are in accordance with the Ind AS -109 "Segment Reporting" issued by The Institute of Chartered Accountants of India. Segment revenue and expenses include amounts which can be directly identifiable to the segment on reasonable basis.

16. Rounding of amounts

All amounts disclosed in the financial statements and the accompanying notes have been rounded off to the nearest lakhs and two decimals thereof, as per the requirement of Schedule III of the Companies Act 2013, unless otherwise stated.

Unquoted Equity Instruments	3,400.00	3,400.00	3,400.00

Level 1: Quoted prices in the active market. This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market. This category consists of quoted equity shares and debt based open ended mutual funds.

Level 2: Valuation techniques with observable inputs. This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly. This level of hierarchy consists of debt based close ended mutual fund investments and over the counter (OTC) derivative contracts.

Level 3: Valuation techniques with unobservable inputs. This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data. The main item in this category are unquoted equity instruments.

The fair value of the financial assets are determined at the amount that would be received to sell an asset in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values: Quoted equity investments: Fair value is derived from quoted market prices in active markets.

Unquoted equity investments: Fair value is derived on the basis of income approach, in this approach the discounted cash flow method is used to capture the present value of the expected future economic benefits to be derived from the ownership of these investments.

Financial risk management

The Company's activities expose it to credit risk, liquidity risk and market risk. The financial risk management of the Company is carried out under the procedures approved by the Managements. Within these policies, the management provides written principles for overall risk management including procedures covering specific areas, such as interest rate, market challenges and financial budgets to ascertain the adequate liquidity in the company.

A. Credit Risk

The credit risk is the risk that counter party will not meet its obligations under the financial instrument or customer contract, relating to a financial loss

The credit risk of the company is very much on the lower side. The trade receivables of the company at large are secured in nature. The trade receivable primarily includes receivables from various Banks, finance companies and insurance companies against delivery of vehicles to customers who have availed bank/private finance for which disbursement is due and accidental claims for repairs of vehicles, respectively. The obligation dues on them are secured against the documents issued against the credit. To manage trade receivable, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends. None of the financial instruments of the Company result in material concentrations of credit risks.

B. Liquidity Risk

Liquidity risk is the risk that company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Company's main objective is to maintain the optimum level of liquidity to meet its cash and collateral requirement. The Company operates with a low Debt Equity ratio. The company's main sources of liquidity are cash and cash equivalents and cash flow generated from operations. However to maintain the liquidity flow of cash and cash equivalents, the company has obtained the cash credit and inventory funding facilities from banks to meet its working capital requirements. The position of the same is as under:
