14. The Register of Members and Share Transfer Books of the Company will remain closed from Friday, September 20, 2024 to Saturday, September 28, 2024 (both days inclusive).
15. The dividend on equity shares as recommended by the Board of Directors, if declared at the Annual General Meeting, will be paid within the prescribed time after the Annual General Meeting to those Members whose names appear in the Register of Members of the Company as on the book closure dates.
16. As you may be aware that in terms of the provisions of the Income Tax Act, 1961 ("the Act") as amended by the Finance Act, 2020, dividend paid or distributed by a Company on or after 1st April, 2020 is taxable in the hands of the Members. The Company is, therefore, required to deduct tax at source at the time of payment of dividend to the Members.

For resident members: Tax will be deducted at source ("TDS") under Section 194 of the Act (read with Press Release dated May 13th, 2020) @ 10% on the amount of dividend payable unless exempt under any of the provisions of the Act. However, in case of individuals, TDS would not apply if the aggregate of total dividend distributed to them by the Company during FY 2024-25 does not exceed Rs. 5,000/-.

Tax at source will not be deducted where a member provides Form 15G (applicable to Individual in case of dividend) / Form 15H (applicable to an individual above the age of 60 years), provided that the eligibility conditions are being met.

Tax at source will be deducted @20% for a shareholder who falls in the category of "specified person" as defined in Section 206AB of Income Tax Act, 1961 or who has not submitted PAN, as per Section 206AA of the Act.

In order to provide exemption from withholding of tax, the following organisations must provide a self-declaration as listed below:

- Insurance companies: A declaration that they are beneficial owners of shares held.
- Mutual Funds: A declaration that they are governed by the provisions of Section 10(23D) of the Act along with copy of registration documents (self-attested).
- Alternative Investment Fund (AIF) established in India: A declaration that its income is exempt under Section 10(23FBA) of the Act and they are established as Category I or Category II AIF under the SEBI Regulations. Copy of registration documents (self-attested) should be provided.
- New Pension System Trust: A declaration that they are governed by the provisions of Section 10(44) [subsection 1E to Section 197A] of the Act along with copy of registration documents (self-attested).
- Corporation established by or under a Central Act which is, under any law for the time being in force, exempt from income tax on its income - Documentary evidence that the person is covered under Section 196 of the Act.

For non-resident members: Tax is required to be withheld in accordance with the provisions of Section 195 of the Act at applicable rates in force. As per the relevant provisions of the Act, the tax shall be withheld @ 20% (plus applicable surcharge and cess) on the amount of dividend payable. However, as per Section 90 of the Act, a non-resident member has the option to be governed by the provisions of the Double Tax Avoidance Agreement (“DTAA”) between India and the country of tax residence of the member, if they are more beneficial to the member. For this purpose, i.e. to avail tax treaty benefits, the non-resident member will have to provide the following:

- i. Self-attested copy of Permanent Account Number (PAN Card), if any, allotted by the Indian income tax authorities;
- ii. Self-attested copy of Tax Residency Certificate (TRC) obtained from the tax authorities of the country of which the member is resident;
- iii. Self-declaration in Form 10F, if all the details required in this form are not mentioned in the TRC;
- iv. Self-declaration by the non-resident member of having no permanent establishment in India in accordance with the applicable Tax Treaty;
- v. Self-declaration of beneficial ownership by the non-resident member.

The Company is not obligated to apply the beneficial DTAA rates at the time of tax deduction / withholding on dividend amounts. Application of beneficial DTAA rate shall depend upon the completeness and satisfactory review by the Company, of the documents submitted by non- resident member.

Notwithstanding the above, tax shall be deducted at source @ 20% (plus applicable surcharge and cess) on dividend paid to Foreign Institutional Investors and Foreign Portfolio Investors under section 196D of the Act. Such rate shall not be reduced on account of the application of the lower DTAA rate, if any.

To enable us to determine the appropriate TDS / withholding tax rate applicable, we request you to provide the above details and documents not later than 5 PM, Wednesday, the 9th October, 2024.

To summarize, dividend will be paid after deducting the tax at source as under:

- NIL for resident members receiving dividend upto Rs. 5,000/- or in case Form 15G / Form15H (as applicable) along with self-attested copy of the PAN is submitted.
- 10% for resident members in case PAN is provided / available.
- 20% for resident members, if PAN is not provided / not available.
- Tax will be assessed on the basis of documents submitted by the non-resident members.
- 20% plus applicable surcharge and cess for non-resident members in case the aforementioned documents are not submitted.
- Lower / NIL TDS on submission of self-attested copy of the certificate issued under Section 197 of the Act.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

OVERALL VIEW

The domestic automotive industry recorded robust growth trends across segments in FY2023, aided by a low base, recovery in economic activities, and increased mobility. Following a period of robust growth and a relatively healthy base across automotive segments, the pace of growth has moderated in FY2024, and the trend is expected to continue in FY2025 as well.

Aided by a preference for personal mobility and stable semiconductor supplies, passenger vehicle (PV) industry volumes are estimated to reach an all-time high of 4.1 million units in FY2024 (representing a growth of 6-9% over FY2023). Even as the underlying demand drivers remain supportive, the volume growth for the segment is likely to moderate to 3-6% (from an elevated base). Lower growth expectation for next year partly stems from a high base and, to some extent, by waning pent-up replacement demand, which supported the industry over the past couple of years.

Federation of Automobile Dealers Associations (FADA), the auto retail body noted that with a notable decline in consumer sentiment among urban Indians, as reported by the Centre for Monitoring Indian Economy (CMIE), the automotive sector faces a nuanced challenge.

This downturn, characterised by a restraint in discretionary spending within urban income brackets, adds a layer of complexity to the industry's landscape. In this scenario, the decision of the MPC of the RBI to keep lending rates unchanged at 6.5% would continue to badly impact the retail sales of all vehicles, especially entry level vehicles as these buyers are extremely price sensitive. Given the continued inflationary trend without any relief in finance rates, these prospective buyers may continue to hesitate.

The industry's adaptability is further tested by improved supply dynamics and an increasing bend towards electric mobility, alongside enticing financing options, all poised to mitigate the effects of the current economic sentiment and electoral caution.

The automotive sector's resilience is thus spotlighted, with concerted efforts to tackle these challenges through innovation and strategic market engagement. As it navigates through a period marked by careful optimism, the sector is positioned for a cautious yet hopeful trajectory towards recovery. The strategic foresight and adaptability demonstrated by the industry promise a pathway to resilience and sustained growth, even as it confronts evolving market conditions.

Heading into FY2025, the Indian auto industry is poised for growth amidst a mix of optimism and challenges. The excitement around new product launches, particularly electric vehicles, sets a forward-looking tone. Manufacturers are gearing up with better supply chains and an array of models to meet diverse consumer demands. Economic and financing schemes to boost sales. However, it faces challenges like high base in PV segment and intense competition. The focus is on overcoming these hurdles with innovation and strategic market engagement, aiming for a balanced growth across all the segments. As FY2025 unfolds, the Indian auto industry is navigating through evolving market demands and economic conditions, leveraging its strengths for sustainable growth and a wider reach.

INDUSTRY OVERVIEW, STRUCTURE AND DEVELOPMENT

The automobile sector is one of the key segments of the economy having extensive forward and backward linkages with other key segments of the economy. The Indian automobile industry comprises of a number of Indian-origin and multinational players, with varying degree of presence in different segments.

Automobile dealer Industry plays the vital role of link between the manufacturer of the automobile and the consumer. With large inventories of cars, dealers provide consumers with a wide array of vehicles to meet their needs at different price points.

The sales of most of automobiles today are subject to changing consumer tastes, the popularity of the manufacturer's vehicle models, and the intensity of competition with other dealers. Along with the sale of the car, most dealers also sell additional automobile-related services to potential buyers. These services include extended warranties, undercoating, insurance, and financing. After-market sales departments sell these services and other merchandise after vehicle salespersons have closed a deal. Sales of these packages greatly increase the revenue generated for each vehicle sold.

ANNUAL REPORT & ACCOUNTS 2023-2024

Performing repair work on vehicles is another profitable service provided in this industry. Service departments at motor vehicle dealers provide repair services and sell accessories and replacement parts. The work of the service department has a major influence on customers' satisfaction and willingness to purchase future vehicles from the dealer.

Industry Structure: The automobile dealer industry is comprised of two segments. New car dealers, often called franchised dealers, primarily sell new cars, sport utility vehicles (SUVs), and passenger and commercial vehicles. These franchised dealers sell vehicles manufactured by a particular company, which may include several brands. Used car dealers comprise the other segment of the industry, and are sometimes referred to as independent dealers. These dealers sell a variety of vehicles that have been previously owned or formerly rented and leased. Improvements in technology have increased the durability and longevity of new cars, raising the number of high-quality used cars that are available for sale. Used car dealers by definition do not sell new cars, but most new car dealers do sell some used cars.

Developments

Demand for Electric Vehicles (EV) are on the rise. The Current Market Share of EVs in India's Automotive sector is standing at 0.7%, however, by 2027, this figure is set to reach at 3.8%.

Further, the availability and adoption of advanced technology solutions is driving the majority of the underlying trends in the auto industry. Connected cars, sensors, electrification, and new business models (including mobility-as-a-service) all take advantage of advanced technology solutions. That's where industry experts say the automotive industry needs to focus going forward. The entire industry, from suppliers to automakers, is challenged to keep existing operations profitable, while simultaneously building out capacity to tackle these new innovations.

Companies must find the right balance between continuity of a stable and profitable business, while at the same time lead the way in disrupting their own business models.

While many automakers and suppliers learned from the past to help them survive recent disruptions and make their existing operations more efficient, some industry leaders say that flexibility and innovation will be critical when it comes to the unique challenges facing the future direction of the automotive industry.

Automotive companies need to innovate and develop solutions quickly in order to react fast to changing customer demands and market opportunities. In a digital world, innovation must become an integral part of each department and discipline, so the entire enterprise contributes to generating top-line, bottom-line, and green-line improvements.

Historically, the Indian Passenger Car Market has been skewed towards small passenger cars. However, there is a structural change taking place in the industry with demand for SUVs taking over the passenger car. This shift is paving a way towards new avenues of the growth and will result in a more profitable growth for the sector.

In an effort to achieve greater financial and operational efficiency and flexibility in the automobile dealer industry, greater emphasis is being placed on after sale services, such as vehicle maintenance and repair, at both new and used car dealers. These services remain less susceptible to economic downturns. They are also part of an effort to enhance customer loyalty and overall customer service.

The increased use of the Internet to market, new and used cars has also had a significant impact on automobile dealers. Through the Internet, consumers can easily access vehicle reviews, view pictures of vehicles and compare models, features, and prices. Many websites allow consumers to research insurance, financing, leasing and warranty options. As a result, consumers are generally better informed and spend less time meeting with salespersons.

Moreover, sales of automobiles on digital platforms, integration of wireless technology in cars, and entry of connected and autopilot-enabled vehicles in the market are some of the factors that are going to fuel the growth of the automotive industry.

OPPORTUNITIES AND THREATS

Opportunities

India being one of the largest automobile markets in the world, has a bright future because of several factors like rising of living Standards, strong Research & development advancement, shifting of manufacturing hub to India, Growing teenage

drivers, overall growth of other industries, infrastructure development and the improved road infrastructure. This along with rising disposable income, aspirations for a better lifestyle and a slew of new product launches lined up by companies would aid overall increase in sales volumes. The Company, with its wide portfolio is expected to benefit from the same.

Threats

Affordability is the most important demand driver in India, the domestic car market has until now been segmented on the basis of vehicle price. Price based competition also takes place in a continuum than in segments since nearly all the models are launched in multiple versions at different price points. As a result higher end variant compete with lower-end-variant of a car in a segment above it.

Government are enforcing strict rules relating to pollution, safety, and other aspects on the vehicle sector. These regulations can significantly raise the costs of vehicle manufacturing because companies may need to invest in new technologies or processes to comply with such laws.

Also, the growing popularity of ride-sharing services such as Uber has reduced car ownership and demand for new vehicles. This trend is expected to continue, especially in urban areas with easy access to public transportation and ride-sharing services, which may result in lower vehicle demand.

Consumer confidence, interest rates, and employment levels are all highly dependent on macro and microeconomic factors in the automobile industry. Consumers may be more cautious about spending money on large-ticket items such as cars during economic downturns.

Further, intensity of competition has increased in almost all the segments of the Indian automobile dealers market whether it's a competition for sales of cars from dealers of same brand or of competing brands or competition in after-sales service business from other dealers of same brand or from organised (branded) franchised service network or from unorganised local garages.

Moreover, in the automobile dealer industry, vehicles cannot be kept in the store for long unlike consumer durables, as automobiles lose value with time. The model gets old and the customer would not be willing to pay for it. The damage due to handling, if they are in the showroom or warehouse for too long, is another factor.

Other factors like affordability, innovation, infrastructure facilities and price of fuel, stringent emission norms and safety regulations and interest rates affect the demand for automobiles to a larger extent. These factors and challenges always keep the automakers and dealers on their toes.

OUTLOOK

The automotive industry in India is set to expand at a compound annual growth rate (CAGR) of 11.3% till 2027. This growth will most likely occur due to factors like rising disposable income, wide availability of credit and financing options, and growth of population. The management of the Company believes the long term outlook for the automobile industry is bright and robust, though outlook for the Indian auto industry in near term is expected to remain stable growth.

RISKS AND CONCERNS

Indian car industry is one of the most promising industries across the globe. It has gradually strengthened its foothold in the international area as well. The country is dealing with many car manufacturers, dealers, and associations in various countries including U.S. From some countries, India imports cars and car components and to some India exports.

Though India has witnessed a growing customer base, it has not inoculated them from the global crisis. The crippling liquidity and high interest rates have slowed down the vehicle demand.

Rising Input costs of commodities, availability of credit and affordable interest rates are important facilitators for automobile sales. The uncertain exchange rates and a sudden increase in dollar value against Indian rupee have contributed to slowdown. Increasing Dollar value has raised the landed cost of imported machine, tools and even raw materials required for production.

ANNUAL REPORT & ACCOUNTS 2023-2024

In addition, rising cost of dealership operations, limited availability of trained and untrained manpower, increasing labour and wage rates, prospects of accelerated career growth and better training & development opportunities have kept the margins of dealership operations under immense pressure.

Intensity of competition has increased in almost all the segments of the Indian automotive market due to entry of new players and appointment of new dealers by Maruti. Launch of new models by different players have also increased market competition. This increasing level of competition would also translate into higher selling and distribution costs. The Company is aware of the increasing competition and is taking measures to remain competitive in the market place.

INDEPENDENT AUDITOR'S REPORT

To the Members of

Competent Automobiles Co. Ltd.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the Standalone financial statements of **Competent Automobiles Co. Ltd.** ("the Company"), which comprise the balance sheet as at 31st March 2024, and the Statement of Profit and Loss and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024, its profit, statement of changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the Key Audit Matter
<p>Adequacy and completeness of disclosures of Related Party Transactions</p> <p>Refer Note 39 to the accompanying standalone financial statements as at March 31, 2024 for the disclosure of related parties and transactions with them.</p> <p>The Company has related party transactions which include among others, sale/purchase of goods to its subsidiary and other related parties. This area was significant to our audit due to the following reasons:</p> <ul style="list-style-type: none">- the significance of transactions with related parties including its wholly owned subsidiary during the year ended March 31, 2024; and	<p>Our procedures included the following steps:</p> <ul style="list-style-type: none">✓ Obtaining an understanding of the Company's policies and procedures in respect of identification of related parties and transactions with them. We also traced the related parties from declaration given by directors, wherever applicable.✓ Read the minutes of the meetings of Board of Directors and Audit Committee and verified that the transactions are approved in accordance with internal procedures and the applicable regulations to the Company.✓ Tested on a sample basis the arrangements between the related parties along with supporting documents to evaluate the management's assertions that the transactions were at arm's length and in the ordinary course of business. Information other than the financial statements and auditors’ report thereon

The Company’s Board of Directors & Management are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including Annexures to Board’s Report, Business Responsibility Report, Corporate Governance and Shareholder’s Information, but does not include the Standalone financial statements and our auditor’s report thereon. Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company’s Board of Directors & Management are responsible for the matters stated in section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors & Management are also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs

ANNUAL REPORT & ACCOUNTS 2023-2024

will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the '**Annexure - A**', a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure - B'.
- g) With respect to the matter to be included in the Auditor's Report under section 197(16), In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) which are required to be commented upon by us.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Annexure 'B'

Report on Internal Financial Controls with reference to Financial Statements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Competent Automobiles Co. Ltd. ("the Company") as of March 31, 2024 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note No.1- SIGNIFICANT ACCOUNTING POLICIES

A. General Information

Competent Automobiles Company Limited (“The Company”) is a public limited Company incorporated and domiciled in India and it is listed on the Bombay Stock Exchange (BSE). The address of its registered office is F-14, Competent House, Connaught Place New Delhi – 110001. The Company is Authorized Dealer of Maruti Suzuki India Limited for Delhi, Noida (UP), Haryana and Himachal Pradesh areas.

B. (i) Statement of Compliance

The Financial Statements have been prepared on going concern basis in accordance with Indian Accounting Standard (Ind AS) notified under the Section 133 of the Companies Act, 2013 (“the Act”) read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

(ii) Basis of preparation and presentation

The financial statements have been prepared on the historical cost convention on accrual basis except for certain financial instruments which are measured at fair market value at the end of each reporting period as explained in the accounting policies.

All assets and liabilities have been classified as current or non-current according to the Company’s operating cycle and other criteria set out in the Act, and IndAS-1 “Presentation of Financial Statements”

C. Summary of Material Accounting Policies

The Financial Statements have been prepared using the Accounting Policies and measurement bases, as summarized below:

Overall Considerations

The Financial Statements have been prepared using the Material Accounting Policies and measurement bases that are in effect at 31st March 2024, as summarized below:

Revenue recognition

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration, to which the Company is expected to be entitled to in exchange for those goods or services. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved

(i) Sale of Goods

Revenue from Sale of product is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point of time i.e. when the material is dispatched to the customer or on the delivery to the customer, as may be specified in the contracts.

(ii) Rendering of services

Revenue from service is recognized over time by measuring progress towards satisfaction of performance obligation for the services rendered. The company uses output method for measurement of revenue from rendering of services based on time elapsed and / or parts delivered.

ANNUAL REPORT & ACCOUNTS 2023-2024

(iii) Interest income

Interest income is reported on accrual basis using the effective interest rate method. Interest incomes on bank deposits are recognized on timely accrual basis.

Property, plant and equipment & Intangible Assets

Recognition

Property, Plant and Equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use including decommissioning and restoration costs associated with provisions for asset retirement. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent measurement (Depreciation)

Depreciation on Property, Plant and Equipment is charged on Written down Method on the basis of rates arrived at with reference to the useful life of the assets evaluated by the Committee consisting of technical experts and approved by the Management or rates arrived at based on useful life prescribed under Part C of Schedule II of the Companies Act, 2013. The following useful lives are applied:

Asset Category	Estimated Useful Life (in years)
Building	60
Plant & Machinery	15
Electrical Installations	10
Office Equipment	5
Computers and data processing Units	
-End user devices, such as desktops, laptops, etc.	3
Furniture & Fixtures	10
Vehicles	8

- (i) The assets' residual values, estimated useful lives and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.
- (ii) The vehicle purchased for the purpose of the test drive are treated as an asset of the Company and depreciation is charged accordingly.

Derecognition

An item of Property, Plant and Equipment or any significant part initially recognized is de- recognized upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss account when the asset is derecognized.

Impairment of Non- Financial Assets

Carrying amount of assets is reviewed at each reporting date where there is any indication of impairment based on internal/ external indicators. An impairment loss is recognized in the Statement of Profit and Loss where carrying amount exceeds recoverable amount of assets. Impairment loss is reversed, if, there is change in recoverable amount and such loss either no longer exists or has decreased or indication on which impairment was recognized no longer exists. Recoverable amount is the higher of an asset's fair value less costs of disposal (FVLCD) and its value in use (VIU).

When estimating VIU, the Company uses cash flow projections based on reasonable and supportable assumptions. Cash flows are discounted using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Inventories

Inventories are valued at lower of cost and net realizable value. Cost is determined as follows:

- (i) In case of cars, at specific cost on identification basis of their individual costs.
- (ii) In case of spares and others, the same are valued at FIFO basis

Costs includes all nonrefundable duties and taxes and all other charges incurred in bringing the inventory to their present location and condition. Net realizable value is the estimated selling price less estimated cost necessary to make the sale.

Financial Instruments

Initial recognition and measurement

Financial Assets are recognized when the Company becomes a party to the contractual provisions of the Financial Instrument and are measured initially at fair value adjusted for transaction costs, except for trade receivables that do not have a significant financing component which are measured at transaction price.

Subsequent Measurement

- (a) **Financial assets at Amortized Cost** – A ‘debt instrument’ is measured at the amortized cost if both the following conditions are met.
 - The asset is held within a Business Model whose objective is to hold assets for collecting contractual cash flows, and
 - Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such Financial Assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

All other financial assets are measured at Fair Value through Other Comprehensive Income (FVOCI) or Fair value through Profit and Loss (FVTPL) based on Company’s Business Model.

- (b) **Investment in Equity Investments** - All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at Fair Value through Profit and Loss(FVTPL). For all other equity instruments, the Company decides to classify the same either as at Fair Value through Other Comprehensive Income (FVOCI) or Fair Value through Profit and Loss (FVTPL) on an instrument-to-instrument basis.

De-recognition of Financial Assets

A Financial Asset is primarily de-recognized when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities

1. Initial recognition and measurement

All Financial liabilities are recognized initially at fair value and transition cost that is attributable to the acquisition of financial liabilities is also adjusted. Financial liabilities are classified at amortized cost.

2. Subsequent measurement

Subsequently to initial recognition, these liabilities are measured at amortized cost using the effective interest rate method.

3. Derecognition of Financial Liability

A Financial Liability is de-recognized when the obligation under the liability is discharged or cancelled or expired. Consequently, write back of unsettled credit balances and invoked bank guarantee is done on

ANNUAL REPORT & ACCOUNTS 2023-2024

closure of the concerned project or earlier based on the previous experience of Management and actual facts of each case and recognized in Other Operating Revenue.

Further when an existing Financial Liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

IMPAIRMENT OF FINANCIAL ASSETS

In accordance with Ind-As 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss for Financial Assets.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive. When estimating the cash flows, the Company consider the following: -

- All contractual terms of the Financial Assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade Receivables

As a practical expedient the Company has adopted 'simplified approach' using the Provision Matrix Method for recognition of expected loss on trade receivables. The provision matrix is based on default rates observed over the expected life of the trade receivables and is adjusted for forward-looking estimates. These average default rates are applied on total credit risk exposure on trade receivables and outstanding for more than one year at the reporting date to determine life time Expected Credit Losses. Further, in cases where there is material increase in credit risk since initial recognition, impairment loss is assessed & provided.

Other Financial Assets

For recognition of impairment loss on Other Financial Assets and Risk Exposure, the Company determines whether there has been a material increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

Cash and cash equivalents

Cash and Cash Equivalents comprise Cash in hand, Balances in Bank Account, Remittance in Transit, Cheques in hand and Demand Deposits, together with other short-term, highly liquid investments (original maturity less than 3 months) that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

Equity, Reserves and Dividend Payments

Share capital represents the nominal value of shares that have been issued. Any transaction costs associated with the issuing of shares are deducted from retained earnings, net of any related income tax benefits.

Other components of equity include Other Comprehensive Increase or decrease in fair of Investments including tax effects.

Retained earnings include all current and prior period retained profits. All transactions with owners of the parent are recorded separately within equity. Proposed dividend distribution to shareholders is recognized as a liability in the period in which the dividend is approved by the shareholders. Any interim dividend paid is recognized on approval by Board of Directors. Proposed dividend as and when it is paid is recognized directly in equity.

Leases

Company as a lessee

At inception of a contract, the company assess whether the contract is, or contains, a lease.

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Recognition:

“Right of Use (ROU) Asset”

At the commencement date, the company recognize a right-of-use asset and a lease liability, except

- a. For lease with a term of twelve months or less (Short term leases) and,
- b. Leases for which the underlying asset is of low value.

For short term leases and assets of low value the company recognizes the lease payments as an operating expense on a straight-line basis over the term of lease.

“Lease Liability”

At the commencement date, the company measures the lease liability at the present value of the lease payments that are not paid at that date.

The lease payments are discounted using the effective interest rate.

Subsequent measurement:

1. “Right of Use (ROU) Asset”:

After the commencement date, the company measure the right-of-use asset at cost less any accumulated depreciation and is subject to impairment losses.

2. “Lease Liability”

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is any reassessment or modification.

The residual values, useful lives and methods of depreciation of right of use are reviewed at each financial year end and adjusted prospectively, if appropriate.

De-Recognition

A right of use asset initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de- recognition of the right of use asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss account when the right of use asset is derecognized.

Company as a Lessor

Operating lease

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Assets leased out under operating leases are capitalized.

Rental income is recognized on straight-line basis over the lease term except where scheduled increase in rent compensates the Company with expected inflationary costs.

Taxation

Income tax comprises current tax and deferred tax. Income tax is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized in other comprehensive income or directly in equity, in which

ANNUAL REPORT & ACCOUNTS 2023-2024

case the tax is recognized in the same statement as the related item appears.

Calculation of Current Tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the balance sheet, and the amounts attributed to such assets and liabilities for tax purposes. Deferred tax is calculated using the tax rates expected to apply in the periods in which the assets will be realized or the liabilities settled.

The Current Tax and Deferred Tax so calculated are adjusted for the uncertainty of tax treatment by the tax authorities at each reporting date.

Deferred Tax Liabilities are generally recognized in full for all taxable temporary differences.

Deferred Tax Assets are recognized to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilized against future taxable income.

This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit.

Foreign currencies

Functional and Presentation Currency

The Standalone Financial Statements are presented in Indian Rupee ('INR'), which is company's functional Currency.

Foreign Currency Transactions and Balances

Foreign Currency transactions are recorded in the reporting Currency, by applying to the Foreign Currency amount, the exchange rate between the Reporting Currency and the Foreign Currency at the date of the transaction.

Foreign Currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items which are measured in terms of historical cost denominated in a Foreign Currency are reported using the exchange rate at the date of the transaction.

Exchange differences arising on the settlement of monetary items, or on reporting such monetary items of the Company at rates different from those at which they were initially recorded during the year, or reported in previous Financial Statements, are recognized as Income/ Expenses in the year in which they arise.

Earnings per Share

Basic earnings per share is calculated by dividing the net profit for the year attributable to equity shareholders of the Company with the weighted average number of equity shares outstanding during the year. The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares.

Employee benefits

Defined Contribution Plan

Company's Contribution paid/payable during the year to Provident Fund / ESI is recognized in the Statement of Profit and Loss for the year in which the related services are rendered.

Defined Benefit Plan

Company's liability towards Gratuity, Post-Retirement Benefits and TA on Superannuation are determined by independent actuary, at the year-end using the Projected Unit Credit Method. Actuarial gains or losses are recognized in the Other Comprehensive Income. Liability for Gratuity as per actuarial valuation is paid to a fund administered under the Group Gratuity Scheme of Life Insurance Corporation of India (LIC)

Short Term Employee Benefits

Short term benefits comprise of employee costs such as Salaries, Bonus, and ex gratia are accrued in the year in which the associated services are rendered by employees of the Company.

Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Provisions are discounted to their present values, where the time value of money is material. Where discounting is used, the increase in the provision due to the passage of time is recognized within finance costs.

Other Provisions:

Other Provisions include Provision for CSR Activities and Provision for Other Contingency.

Contingent liabilities and claims against the company not acknowledged as debt, and contingent liabilities related to legal proceedings or regulatory matters, including certain guarantees, are not recognized in the financial statements. However, these are disclosed unless the probability of settlement is remote.

Contingent Liabilities are disclosed on basis of judgment of management after a careful evaluation of facts and legal aspects of matter involve.

Contingent Assets are disclosed when probable and recognized when realization of income is virtually certain.

Segment Reporting

The Company publish this financial statement in accordance with IndAS 108, Operating segments, the company has disclosed the segment information in the financial statement.

Rounding of amounts

All amounts disclosed in the financial statements and the Companying notes have been rounded off to the nearest lakhs and two decimals thereof, as per the requirement of Schedule III of the Companies Act 2013, unless otherwise stated as amended by 24th March 2021.

SIGNIFICANT MANAGEMENT JUDGEMENT IN APPLYING ACCOUNTING POLICIES AND ESTIMATION UNCERTAINTY

Standalone Financial Statements are prepared in accordance with Indian Accounting Standards (Ind AS) which require management to make estimates and assumptions that affect the reported balances of assets, liabilities and disclosure of contingent liabilities at the date of the financial statements and reported amounts of income & expenses during the periods. Although these estimates and assumptions used in accompanying Financial Statements are based upon management's evaluation of relevant facts and circumstances as of date of Financial Statements which in management's opinion are prudent and reasonable, actual results may differ from estimates and assumptions used in preparing accompanying Financial Statements. Any revision to accounting estimates is recognized prospectively from the period in which results are known/ materialize in accordance with applicable Indian Accounting Standards.

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below.

Significant Management Judgements

The following are Significant Management Judgements in applying the Accounting Policies of the Company that have the most significant effect on the Financial Statements.

Recognition of Deferred Tax Assets

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized.

ANNUAL REPORT & ACCOUNTS 2023-2024

Evaluation of indicators for Impairment of Assets

Significant judgements are involved in evaluation of applicability of indicators of impairment of assets which requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets. These indicators may include significant financial difficulty of the issuer or debtor, default or delinquency in payments, significant adverse changes in the technological, market, economic, or legal environment, among others.

Property, Plant and Equipment

Management assesses the remaining useful lives and residual value of property, plant and equipment and believes that the assigned useful lives and residual value are reasonable

Estimation Uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below.

Defined Benefit Obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may impact the DBO amount and the annual defined benefit expenses.

Contingencies

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claims/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

Standards Issued but Not Effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the Year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

#The Company has not revalued any of its Property, Plant and Equipment under Rule 2 of the Companies (Registered Valuers and Valuation) Rules, 2017.

**During the financial year, management has internally identified certain class of PPE which includes Computers, office equipments having their carrying values of Rs. 20 Lakhs as at 01st April 2023 (Previous year Rs. 23.35 Lakhs) which are not used adequately to their capacity of utilisation and contribution towards economic benefits of the Company. These assets were written down to its recoverable amount of INR 1925 (PY INR 885), which was determined by reference to the higher of their value in use which is negligible and their fair value less cost of disposal. Since the estimated cost of repairs of aforesaid PPE items were significant unobservable input, the fair value of these assets is classified as a level III fair value. As these assets were so inadequate to use in operating day to day activities, their fair value less cost of disposal was identified at Re.1. The impairment and end use of useful life loss of INR 20 lakhs (PFY 23.35 Lakhs) is included in administrative expenses in the Standalone Statement of Profit & Loss. (Refer Note No. 31)

41 Leases (IND AS-116)

A Company as a lessee

The Company has leases for Showrooms, Workshops and Stock Yards. With the exception of short-term lease underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability as a financial liability. Variable lease payments which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right of use assets. The Company classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

Each lease generally imposes a restriction that, unless there is a contractual right for the Company to sublease the asset to another party, the right-of-use asset can only be used by the Company. Some leases contain an option to extend the lease for a further term. The Company is prohibited from selling or pledging the underlying leased assets as security. For leases over showrooms, workshops and stockyard the Company must keep those properties in a good state of repair and return the properties in their original condition at the end of the lease.

Lease payments not included in measurement of lease liability

The expense relating to payments not included in the measurement of the lease liability is as follows:

Level 1: Quoted prices in the active market. This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market. This category consists of quoted equity shares and debt based open ended mutual funds.

Level 2: Valuation techniques with observable inputs. This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly. This level of hierarchy consists of debt based close ended mutual fund investments and over the counter (OTC) derivative contracts

Level 3: Valuation techniques with unobservable inputs. This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data. The main item in this category are unquoted equity instruments.

The fair value of the financial assets are determined at the amount that would be received to sell an asset in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values

Quoted equity investments: Fair value is derived from quoted market prices in active markets.

Unquoted equity investments: Fair value is derived on the basis of income approach, in this approach the discounted cash flow method is used to capture the present value of the expected future economic benefits to be derived from the ownership of these investments.

Financial risk management

The Company's activities expose it to credit risk, liquidity risk and market risk. The financial risk management of the Company is carried out under the procedures approved by the Managements. Within these policies, the management provides written principles for overall risk management including procedures covering specific areas, such as interest rate, market challenges and financial budgets to ascertain the adequate liquidity in the company.

A. Market Risk

Market risk is the risk that fair value of future cash flows of the financial instruments will fluctuate because of changes in market prices. The market risk at large are categorised as 1) Foreign Currency Risk ; 2) Interest Rate Risk ; 3) Price Risk.

The company's exposure to the market risk is very minimal.

Foreign Risk : The company do not have any exposure to Foreign Currency risk.

Interest Rate and Price Risk :- Interest rate risk is the risk that the future cash flow with respect to interest payments on borrowing will fluctuate because of change in market interest rates. Interest rate change does not affects significantly short-term borrowings therefore the group's exposure to the risk of changes in market interest rates is minimal

STANDALONE NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024
(Rs. In lacs)
B. Credit Risk

The credit risk is the risk that counter party will not meet its obligations under the financial instrument or customer contract, relating to a financial loss

The credit risk of the company is very much on the lower side. The trade receivables of the company at large are secured in nature. The trade receivable primarily includes receivables from various Banks, finance companies and insurance companies against delivery of vehicles to customers who have availed bank/private finance for which disbursement is due and accidental claims for repairs of vehicles, respectively. The obligation dues on them are secured against the documents issued against the credit. To manage trade receivable, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends. None of the financial instruments of the Company result in material concentrations of credit risks.

C. Liquidity risk

Liquidity risk is the risk that company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Company's principle sources of liquidity are Cash and Bank balances, Fixed deposit receipts and the cash flow i.e generated from operations. The company has a working capital of 7087.65 Lakhs (PY 5126.28 Lakhs) includes cash and bank balances and FDRs of Rs. 5249.20 Lakhs (PY 3067.99 Lakhs). The company believes that the working capital and other liquid assets are sufficient to meet its current requirement. Accordingly, no liquidity risk is perceived by the Company.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF INFOSYS LIMITED

Report on the Audit of the Consolidated Financial

Statements Opinion

We have audited the accompanying consolidated financial statements of **COMPETENT AUTOMOBILES CO. LIMITED** (the "Company") and its subsidiary (the Company and its subsidiary together referred to as the "Group") which comprise the Consolidated Balance Sheet as at March 31, 2024, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements, give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2024 and their consolidated profit, their consolidated total comprehensive income, their consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements, standalone financial statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. The respective Boards of Directors/Trustees of the entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Boards of Directors of the entities included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Boards of Directors either intends to liquidate their respective entities or to cease operations, or have no realistic alternative but

to do so.

The respective Boards of Directors of the entities included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the Consolidated Financial Statements.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be

ANNUAL REPORT & ACCOUNTS 2023-2024

thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
 - b) In our opinion, proper books of account as required by law maintained by the Group, including relevant records relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.
 - d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Ind AS specified under section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Company as on March 31, 2024 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to Consolidated Financial Statements and the operating effectiveness of such controls, refer to our separate Report in “Annexure A” which is based on the auditors' reports of the Company and its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to Consolidated Financial Statements of those companies.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Group does not have any pending litigations which would impact its financial position.
 - ii) The Group did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary company incorporated in India.
 - iv) (a) The respective Managements of the Company and its subsidiary which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate)

have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiaries to or in any other person or entity, outside the Group, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiaries (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The respective Managements of the Company and its subsidiary which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiaries from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v) The dividend declared or paid during the year by the company is in compliance with section 123 of the Companies Act, 2013.
- vi) Based on our examination which included test checks, performed by us on the Company and its subsidiary incorporated in India, have used accounting softwares for maintaining their respective books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the softwares. Further, during the course of audit, we have not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

- 2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor’s Report) Order, 2020 (the “Order”/ “CARO”) issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor’s report, according to the information and explanations given to us, and based on the Auditor’s Reports on the financial statements of Company and its subsidiary as at and for the year ended March 31, 2024, included in the Consolidated Financial Statements of the Group, we report in respect of that company where audit have been completed under section 143 of the Act, we have not reported any qualifications or adverse remarks given by us in the Companies (Auditor’s Report), Order (CARO) reports of the company included in the consolidated financials.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Infosys Limited of even date)

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended March 31, 2024, we have audited the internal financial controls with reference to Consolidated Financial Statements of **COMPETENT AUTOMOBILES CO. LIMITED** (hereinafter referred to as the “Company”) and its subsidiary company, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Boards of Directors of the Company and its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated Financial Statements of the Company and its subsidiary company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”) and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to Consolidated Financial Statements of the Company and its subsidiary company, which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Consolidated Financial Statements includes those policies and procedures that (1) pertain

to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial control with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to Consolidated Financial Statements and such internal financial controls with reference to Consolidated Financial Statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to Consolidated Financial Statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Note No.1- CONSOLIDATED SIGNIFICANT ACCOUNTING POLICIES**A. General Information****1. Group Overview**

The Holding Company “Competent Automobiles Company Limited” (“The Company”) is a public limited Company incorporated and domiciled in India and it is listed on the Bombay Stock Exchange (BSE). The address of its registered office is F-14, Competent House, Connaught Place New Delhi – 110001. The Company is an Authorized Dealer of Maruti Suzuki India Limited for Delhi, Noida (UP), Haryana and Himachal Pradesh areas.

The Subsidiary Company “Competent Kashmir Automobiles Private Limited” (“The Company”) is a private limited company incorporate on 12th March 2024 and domiciled in India. The address of its registered office is F-14, Competent House, Connaught Place, New Delhi – 110001. The Company is an Authorized Dealer of Maruti Suzuki India Limited for Jammu & Kashmir areas.

These consolidated financial statements for the year ended 31st March 2024 are the financial statements which has been prepared in accordance with Ind AS.

The Consolidated financial statements for the year ended 31st March 2024 were authorized and approved for issue by the board of Directors on 30th May 2024.

B. (i) Statement of Compliance

The Consolidated financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. Further, the consolidated financial statements have been prepared on historical cost basis except for certain financial assets and financial liabilities which are measured at fair values as explained in relevant accounting policies. The reporting and functional currency of the Group is Indian Rupees (INR). Figures in consolidated financial statements are presented in Lakhs, by rounding off up to two decimals except for per share data and as otherwise stated.

(ii) Basis of preparation and presentation

The consolidated financial statements have been prepared on the historical cost convention on accrual basis except for certain financial instruments which are measured at fair market value at the end of each reporting period as explained in the accounting policies.

All assets and liabilities have been classified as current or non-current according to the Group’s operating cycle and other criteria set out in the Act, and IndAS-1 “Presentation of Financial Statements”

(iii) Basis of consolidation**Subsidiary**

The consolidated financial statements comprise financial statements of Holding Company and its subsidiary. Subsidiary is entity (structured entity) over which the Group has control. The group controls an entity when the group is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. The Group can have power over the investee even if it owns less than majority voting rights i.e rights arising from other contractual arrangements. Subsidiary is fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases. Statement of profit or loss (including other comprehensive income (‘OCI’) of subsidiary acquired or disposed of during the period are recognized from the effective date of acquisition, or up to the effective date of disposal, as applicable.

The group combines the financial statements of the holding company and its subsidiary line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealized gains on transactions between group companies are eliminated. Accounting policies of subsidiaries have been changed wherever necessary to ensure consistency with the policies adopted by the group.

ANNUAL REPORT & ACCOUNTS 2023-2024

Non-Controlling interest, (if any) presented as a part of equity, represent the portion of a subsidiary's statement of profit and loss and net assets that is not held by the group. Statement of profit and loss balance (including other comprehensive income ('OCI') is attributed to the equity holders of the Holding Company and to the non-controlling interest basis the respective ownership interests and such balance is attributed even if this results in controlling interest having a deficit balance.

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the equity. Such a change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognized within equity.

Business Combination

The group applies the acquisition method in accounting for business combinations. The consideration transferred by the group to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred and equity interests issued by the group. Acquisition costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in business combination are measured initially at their acquisition – date fair values. Goodwill is measured as excess of the aggregate of the fair value of the consideration transferred, the amount recognized for non-controlling interests and fair value of any previous interest held, over the fair value of the net of identifiable assets acquired and liabilities assumed. If the fair value of the net of identifiable assets acquired and liabilities assumed is in excess of the aggregate mentioned above, the resulting gain or bargain purchase is recognized in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognizes the gain directly in equity as capital reserve, without routing the same through other comprehensive income.

Business combinations involving entities or businesses under common control have been accounted for using pooling of interest method. The assets and liabilities of the combining entities are reflected at their carrying amounts. No adjustments have been made to reflect fair values, or to recognize any new assets or liabilities.

C. Summary of Material Accounting Policies

The Consolidated Financial Statements have been prepared using the Accounting Policies and measurement bases, as summarized below:

Overall Considerations

The Consolidated Financial Statements have been prepared using the Material Accounting Policies and measurement bases that are in effect at 31st March 2024, as summarized below:

Revenue recognition

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration, to which the Group is expected to be entitled to in exchange for those goods or services. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Group as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved

(i) Sale of Goods

Revenue from Sale of product is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point of time i.e. when the material is dispatched to the customer or on the delivery to the customer, as may be specified in the contracts.

(ii) Rendering of services

Revenue from service is recognized over time by measuring progress towards satisfaction of performance obligation for the services rendered. The group uses output method for measurement of revenue from rendering of services based on time elapsed and / or parts delivered.

(iii) Interest income

Interest income is reported on accrual basis using the effective interest rate method.

Interest incomes on bank deposits are recognized on timely accrual basis.

Property, plant and equipment & Intangible Assets

Recognition

Property, Plant and Equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use including decommissioning and restoration costs associated with provisions for asset retirement. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent measurement (Depreciation)

Depreciation on Property, Plant and Equipment is charged on Written down Method on the basis of rates arrived at with reference to the useful life of the assets evaluated by the Committee consisting of technical experts and approved by the Management or rates arrived at based on useful life prescribed under Part C of Schedule II of the Companies Act, 2013. The following useful lives are applied:

Asset Category	Estimated Useful Life (in years)
Building	60
Plant & Machinery	15
Electrical Installations	10
Office Equipment	5
Computers and data processing Units	
- End user devices, such as desktops, laptops, etc.	3
Furniture & Fixtures	10
Vehicles	8

- (i) The assets' residual values, estimated useful lives and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.
- (ii) The vehicle purchased for the purpose of the test drive are treated as an asset of the Group and depreciation is charged accordingly.

Derecognition

An item of Property, Plant and Equipment or any significant part initially recognized is de- recognized upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss account when the asset is derecognized.

ANNUAL REPORT & ACCOUNTS 2023-2024

Impairment of Non- Financial Assets

Carrying amount of assets is reviewed at each reporting date where there is any indication of impairment based on internal/ external indicators. An impairment loss is recognized in the Statement of Profit and Loss where carrying amount exceeds recoverable amount of assets. Impairment loss is reversed, if, there is change in recoverable amount and such loss either no longer exists or has decreased or indication on which impairment was recognized no longer exists. Recoverable amount is the higher of an asset's fair value less costs of disposal (FVLCD) and its value in use (VIU).

When estimating VIU, the Group uses cash flow projections based on reasonable and supportable assumptions. Cash flows are discounted using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Inventories

Inventories are valued at lower of cost and net realizable value. Cost is determined as follows:

- (i) In case of cars, at specific cost on identification basis of their individual costs.
- (ii) In case of spares and others, the same are valued at FIFO basis

Costs includes all nonrefundable duties and taxes and all other charges incurred in bringing the inventory to their present location and condition. Net realizable value is the estimated selling price less estimated cost necessary to make the sale.

Financial Instruments

Initial recognition and measurement

Financial Assets are recognized when the Group becomes a party to the contractual provisions of the Financial Instrument and are measured initially at fair value adjusted for transaction costs, except for trade receivables that do not have a significant financing component which are measured at transaction price.

Subsequent Measurement

- (a) **Financial assets at Amortized Cost** – A 'debt instrument' is measured at the amortized cost if both the following conditions are met.
 - The asset is held within a Business Model whose objective is to hold assets for collecting contractual cash flows, and
 - Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such Financial Assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

All other financial assets are measured at Fair Value through Other Comprehensive Income (FVOCI) or Fair value through Profit and Loss (FVTPL) based on Group's Business Model.

- (b) **Investment in Equity Investments** - All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at Fair Value through Profit and Loss(FVTPL). For all other equity instruments, the Group decides to classify the same either as at Fair Value through Other Comprehensive Income (FVOCI) or Fair Value through Profit and Loss (FVTPL) on an instrument-to-instrument basis.

De-recognition of Financial Assets

A Financial Asset is primarily de-recognized when the rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

Financial liabilities**1. Initial recognition and measurement**

All Financial liabilities are recognized initially at fair value and transition cost that is attributable to the acquisition of financial liabilities is also adjusted. Financial liabilities are classified at amortized cost.

2. Subsequent measurement

Subsequently to initial recognition, these liabilities are measured at amortized cost using the effective interest rate method.

3. Derecognition of Financial Liability

A Financial Liability is de-recognized when the obligation under the liability is discharged or cancelled or expired. Consequently, write back of unsettled credit balances and invoked bank guarantee is done on closure of the concerned project or earlier based on the previous experience of Management and actual facts of each case and recognized in Other Operating Revenue.

Further when an existing Financial Liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

IMPAIRMENT OF FINANCIAL ASSETS

In accordance with Ind-As 109, the Group applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss for Financial Assets.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. When estimating the cash flows, the Group consider the following: -

- All contractual terms of the Financial Assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade Receivables

As a practical expedient the Group has adopted 'simplified approach' using the Provision Matrix Method for recognition of expected loss on trade receivables. The provision matrix is based on default rates observed over the expected life of the trade receivables and is adjusted for forward-looking estimates. These average default rates are applied on total credit risk exposure on trade receivables and outstanding for more than one year at the reporting date to determine life time Expected Credit Losses. Further, in cases where there is material increase in credit risk since initial recognition, impairment loss is assessed & provided.

Other Financial Assets

For recognition of impairment loss on Other Financial Assets and Risk Exposure, the Group determines whether there has been a material increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

Cash and cash equivalents

Cash and Cash Equivalents comprise Cash in hand, Balances in Bank Account, Remittance in Transit, Cheques in hand and Demand Deposits, together with other short-term, highly liquid investments (original maturity less than 3 months) that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

Equity, Reserves and Dividend Payments

Share capital represents the nominal value of shares that have been issued. Any transaction costs associated with the

ANNUAL REPORT & ACCOUNTS 2023-2024

issuing of shares are deducted from retained earnings, net of any related income tax benefits.

Other components of equity include Other Comprehensive Increase or decrease in fair of Investments including tax effects.

Retained earnings include all current and prior period retained profits. All transactions with owners of the parent are recorded separately within equity. Proposed dividend distribution to shareholders is recognized as a liability in the period in which the dividend is approved by the shareholders. Any interim dividend paid is recognized on approval by Board of Directors. Proposed dividend as and when it is paid is recognized directly in equity.

Leases

Group as a lessee

At inception of a contract, the group assess whether the contract is, or contains, a lease.

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Recognition:

“Right of Use (ROU) Asset”

At the commencement date, the group recognize a right-of-use asset and a lease liability, except

- a. For lease with a term of twelve months or less (Short term leases) and,
- b. Leases for which the underlying asset is of low value.

For short term leases and assets of low value the group recognizes the lease payments as an operating expense on a straight-line basis over the term of lease.

“Lease Liability”

At the commencement date, the group measures the lease liability at the present value of the lease payments that are not paid at that date.

The lease payments are discounted using the effective interest rate.

Subsequent measurement:

1. “Right of Use (ROU) Asset”:

After the commencement date, the group measure the right-of-use asset at cost less any accumulated depreciation and is subject to impairment losses.

2. “Lease Liability”

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is any reassessment or modification.

The residual values, useful lives and methods of depreciation of right of use are reviewed at each financial year end and adjusted prospectively, if appropriate.

De-Recognition

A right of use asset initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de- recognition of the right of use asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss account when the right of use asset is derecognized.

Group as a Lessor**Operating lease**

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Assets leased out under operating leases are capitalized.

Rental income is recognized on straight-line basis over the lease term except where scheduled increase in rent compensates the Group with expected inflationary costs.

Taxation

Income tax comprises current tax and deferred tax. Income tax is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized in other comprehensive income or directly in equity, in which case the tax is recognized in the same statement as the related item appears.

Calculation of Current Tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the balance sheet, and the amounts attributed to such assets and liabilities for tax purposes. Deferred tax is calculated using the tax rates expected to apply in the periods in which the assets will be realized or the liabilities settled.

The Current Tax and Deferred Tax so calculated are adjusted for the uncertainty of tax treatment by the tax authorities at each reporting date.

Deferred Tax Liabilities are generally recognized in full for all taxable temporary differences.

Deferred Tax Assets are recognized to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilized against future taxable income.

This is assessed based on the Group's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit.

Foreign currencies**Functional and Presentation Currency**

The Consolidated Financial Statements are presented in Indian Rupee ('INR'), which is Group's functional Currency.

Foreign Currency Transactions and Balances

Foreign Currency transactions are recorded in the reporting Currency, by applying to the Foreign Currency amount, the exchange rate between the Reporting Currency and the Foreign Currency at the date of the transaction.

Foreign Currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items which are measured in terms of historical cost denominated in a Foreign Currency are reported using the exchange rate at the date of the transaction.

Exchange differences arising on the settlement of monetary items, or on reporting such monetary items of the Group at rates different from those at which they were initially recorded during the year, or reported in previous Financial Statements, are recognized as Income/ Expenses in the year in which they arise.

Earnings per Share

Basic earnings per share is calculated by dividing the net profit for the year attributable to equity shareholders of the Group with the weighted average number of equity shares outstanding during the year. The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares.

ANNUAL REPORT & ACCOUNTS 2023-2024

Employee benefits

Defined Contribution Plan

Group's Contribution paid/payable during the year to Provident Fund / ESI is recognized in the Statement of Profit and Loss for the year in which the related services are rendered.

Defined Benefit Plan

Group's liability towards Gratuity, Post-Retirement Benefits and TA on Superannuation are determined by independent actuary, at the year-end using the Projected Unit Credit Method. Actuarial gains or losses are recognized in the Other Comprehensive Income. Liability for Gratuity as per actuarial valuation is paid to a fund administered under the Group Gratuity Scheme of Life Insurance Corporation of India (LIC)

Short Term Employee Benefits

Short term benefits comprise of employee costs such as Salaries, Bonus, and ex gratia are accrued in the year in which the associated services are rendered by employees of the Group.

Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when the Group has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Provisions are discounted to their present values, where the time value of money is material. Where discounting is used, the increase in the provision due to the passage of time is recognized within finance costs.

Other Provisions:

Other Provisions include Provision for CSR Activities and Provision for Other Contingency.

Contingent liabilities and claims against the group not acknowledged as debt, and contingent liabilities related to legal proceedings or regulatory matters, including certain guarantees, are not recognized in the financial statements. However, these are disclosed unless the probability of settlement is remote.

Contingent Liabilities are disclosed on basis of judgment of management after a careful evaluation of facts and legal aspects of matter involve.

Contingent Assets are disclosed when probable and recognized when realization of income is virtually certain.

Segment Reporting

The Group publish this consolidated financial statement in accordance with IndAS 108, Operating segments, the group has disclosed the segment information in the consolidated financial statement.

Rounding of amounts

All amounts disclosed in the consolidated financial statements and the accompanying notes have been rounded off to the nearest lakhs and two decimals thereof, as per the requirement of Schedule III of the Companies Act 2013, unless otherwise stated as amended by 24th March 2021.

SIGNIFICANT MANAGEMENT JUDGEMENT IN APPLYING ACCOUNTING POLICIES AND ESTIMATION UNCERTAINTY

Consolidated Financial Statements are prepared in accordance with Indian Accounting Standards (Ind AS) which require management to make estimates and assumptions that affect the reported balances of assets, liabilities and disclosure of contingent liabilities at the date of the consolidated financial statements and reported amounts of income & expenses during the periods. Although these estimates and assumptions used in accompanying consolidated Financial Statements

are based upon management's evaluation of relevant facts and circumstances as of date of consolidated Financial Statements which in management's opinion are prudent and reasonable, actual results may differ from estimates and assumptions used in preparing accompanying consolidated Financial Statements. Any revision to accounting estimates is recognized prospectively from the period in which results are known/ materialize in accordance with applicable Indian Accounting Standards.

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below.

Significant Management Judgements

The following are Significant Management Judgements in applying the Accounting Policies of the Group that have the most significant effect on the consolidated Financial Statements.

Recognition of Deferred Tax Assets

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Group's future taxable income against which the deferred tax assets can be utilized.

Evaluation of indicators for Impairment of Assets

Significant judgements are involved in evaluation of applicability of indicators of impairment of assets which requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets. These indicators may include significant financial difficulty of the issuer or debtor, default or delinquency in payments, significant adverse changes in the technological, market, economic, or legal environment, among others.

Property, Plant and Equipment

Management assesses the remaining useful lives and residual value of property, plant and equipment and believes that the assigned useful lives and residual value are reasonable

Estimation Uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below.

Defined Benefit Obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may impact the DBO amount and the annual defined benefit expenses.

Contingencies

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/ claims/litigations against the Group as it is not possible to predict the outcome of pending matters with accuracy.

Standards Issued but Not Effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the Year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

#The Company has not revalued any of its Property, Plant and Equipment under Rule 2 of the Companies (Registered Valuers and Valuation) Rules, 2017.

**During the financial year, management has internally identified certain class of PPE which includes Computers, office equipments having their carrying values of Rs. 20 Lakhs as at 01st April 2023 which are not used adequately to their capacity of utilisation and contribution towards economic benefits of the Company. These assets were written down to its recoverable amount of INR 1925, which was determined by reference to the higher of their value in use which is negligible and their fair value less cost of disposal. Since the estimated cost of repairs of aforesaid PPE items were significant unobservable input, the fair value of these assets is classified as a level III fair value. As these assets were so inadequate to use in operating day to day activities, their fair value less cost of disposal was identified at Re.1. The impairment and end use of useful life loss of INR 20 lakhs is included in administrative expenses in the Standalone Statement of Profit & Loss. (Refer Note No. 31)

ix) Risks associated with Plan Provisions

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such group is exposed to various risks as follow -

- A) Salary Increases- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- B) Investment Risk – If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- C) Discount Rate : Reduction in discount rate in subsequent valuations can increase the plan's liability.
- D) Mortality & disability – Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- E) Withdrawals – Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

The management does not expect any significant impact on such reconciliations.

41. Leases (IND AS-116)

A Group as a lessee

The Group has leases for Showrooms, Workshops and Stock Yards. With the exception of short-term lease underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability as a financial liability. Variable lease payments which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right of use assets. The Group classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

Each lease generally imposes a restriction that, unless there is a contractual right for the Group to sublease the asset to another party, the right-of-use asset can only be used by the Group. Some leases contain an option to extend the lease for a further term. The Group is prohibited from selling or pledging the underlying leased assets as security. For leases over showrooms, workshops and stockyard the Group must keep those properties in a good state of repair and return the properties in their original condition at the end of the lease.

Lease payments not included in measurement of lease liability

The expense relating to payments not included in the measurement of the lease liability is as follows:

Level 2: Valuation techniques with observable inputs. This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly. This level of hierarchy consists of debt based close ended mutual fund investments and over the counter (OTC) derivative contracts.

Level 3: Valuation techniques with unobservable inputs. This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data. The main item in this category are unquoted equity instruments.

The fair value of the financial assets are determined at the amount that would be received to sell an asset in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values:

Quoted equity investments: Fair value is derived from quoted market prices in active markets.

Unquoted equity investments: Fair value is derived on the basis of income approach, in this approach the discounted cash flow method is used to capture the present value of the expected future economic benefits to be derived from the ownership of these investments.

Financial risk management

The Group's activities expose it to credit risk, liquidity risk and market risk. The financial risk management of the Group is carried out under the procedures approved by the Managements. Within these policies, the management provides written principles for overall risk management including procedures covering specific areas, such as interest rate, market challenges and financial budgets to ascertain the adequate liquidity in the company.

A. Market Risk

Market risk is the risk that fair value of future cash flows of the financial instruments will fluctuate because of changes in market prices. The market risk at large are categorised as 1) Foreign Currency Risk ; 2) Interest Rate Risk ; 3) Price Risk.

The Group's exposure to the market risk is very minimal.

Foreign Risk : The Group do not have any exposure to Foreign Currency risk.

Interest Rate and Price Risk :- Interest rate risk is the risk that the future cash flow with respect to interest payments on borrowing will fluctuate because of change in market interest rates. Interest rate change does not affects significantly short-term borrowings therefore the group's exposure to the risk of changes in market interest rates is minimal

B. Credit Risk

The credit risk is the risk that counter party will not meet its obligations under the financial instrument or customer contract, relating to a financial loss

The credit risk of the Group is very much on the lower side. The trade receivables of the Group at large are secured in nature. The trade receivable primarily includes receivables from various Banks, finance companies and

insurance companies against delivery of vehicles to customers who have availed bank/private finance for which disbursement is due and accidental claims for repairs of vehicles, respectively. The obligation due on them are secured against the documents issued against the credit. To manage trade receivable, the Group periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends. None of the financial instruments of the Group result in material concentrations of credit risks.

C. Liquidity risk

Liquidity risk is the risk that group may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Group's principle sources of liquidity are Cash and Bank balances, Fixed deposit receipts and the cash flow i.e generated from operations. The Group has a working capital of 7095.04 Lakhs includes cash and bank balances and FDRs of Rs. 5259.20 Lakhs. The group believes that the working capital and other liquid assets are sufficient to meet its current requirement. Accordingly, no liquidity risk is perceived by the Group.
